Some imported PDF documents may return garbled text when you view them in the parsing rule editor or process them with existing parsing rules. When you see unreadable gibberish symbols like shown in the screenshot below, you are likely dealing with a corrupted PDF file.

What to do when a PDF document is converted to garbled

for font characters' outlines ,or the underlying graphic representation of a symbol. But despite their technically different meanings,mostly important to font and software works, go ahead,use the terms interchangeably. Just about anyone can access the basic alphabet on a font,with its related characters printed on the a keyboard's keycaps ...
