Dice (singular die or dice; from Old French *dā*; from Latin *datum* "something which is given or played") are small throwable objects that can rest in multiple positions, used for generating random numbers. Dice are suitable as gambling devices for games like craps and are also used in non-gambling tabletop games.

The history of games dates to the ancient human past. Games are an integral part of all cultures and are one of the oldest forms of human social interaction. Games are formalized expressions of play which allow people to go beyond immediate imagination and direct physical activity. Common features of games include uncertainty of outcome, agreed upon rules, competition, separate place and time ...

SET is a board game where any table becomes your board! Race to find a SET of three cards where each feature is either all the same or all different on each card. With no turns and no luck, SET is challenging, fast and fun!

SET | America's Favorite Card Games®

America on the Move explores the role of transportation in American history. Visit communities wrestling with the changes that new transportation networks brought. See cities change, suburbs expand, and farms and factories become part of regional, national, and international economies. Meet people as they travel for work and pleasure, and as they move to new homes.
