Working document QAS/16.667 page 3 90 Background information 91 92 The need for revision of the published Supplementary guidelines on good manufacturing 93 practices: validation (World Health Organization (WHO) Technical Report Series, No. 937, 94 2006, Annex 4) (1) was identified by the Prequalification of Medicines Programme and a draft 95 document was circulated for comment in early 2013.

**GUIDELINES ON VALIDATION APPENDIX 5 VALIDATION OF**

Validation is the process of establishing documentary evidence demonstrating that a procedure, process, or activity carried out in testing and then production maintains the desired level of compliance at all stages. In the pharmaceutical industry, it is very important that in addition to final testing and compliance of products, it is also assured that the process will consistently produce the ...
